## PROFESSIONAL SUMMARY

Experienced ML Engineer with 5+ years of expertise in machine learning, deep learning, and scalable data pipelines. Proven track record of shipping production ML systems serving millions of users.

## EXPERIENCE

ML Engineer | TechCorp Inc. | Jan 2021 - Present

- Designed and deployed recommendation models serving 10M+ users
- Built real-time feature pipelines processing 50K events/second
- Led migration from TensorFlow to PyTorch, reducing training time by 40%
- Mentored 3 junior engineers on ML best practices

ML Engineer | DataFlow Inc. | Jun 2018 - Dec 2020

- Developed NLP models for automated document classification (95% accuracy)
- Implemented A/B testing framework for model evaluation
- Reduced model inference latency by 60% through quantization

## EDUCATION

M.S. Computer Science | University of Texas at Austin | 2018

B.S. Computer Science | Georgia Institute of Technology | 2016

## SKILLS

Python, PyTorch, TensorFlow, Scikit-learn, SQL, Spark, AWS, Docker, K8s
